Pasadena, CA 91114

Dear Sandra:

Thank you for your stunning performance at our firm party on December 12th. Your likeness to Cher is uncanny and your singing act is sensational. The segment where you picked Richard Carter out of the audience to stand in for Sonny insured that the party will be talked about for years to come. I can truly say the party would not have been the same without you. Bravo!

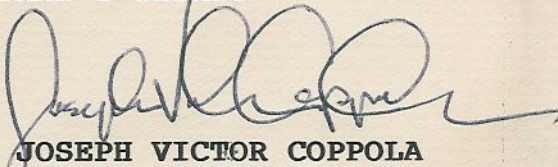

I would also like to thank you for being so understanding and professional with respect to the delay of the starting time of your performance. I know the evening turned out to be longer for you than we both expected, but you handled everything very professionally.

Please accept our best wishes for the future success of your act, and we will be happy to recommend you to our friends and associates.

Very truly yours,

**WALDMAN & CHUANG**
